The Crusader Chopper, created for the biker enthusiasts who digs the Gothic German Iron Cross and skulls theme. Old school style short frame, hard tail chopper design as seen in the biker magazines and television. Choice of custom parts to “Build it your way”!!

1/12 scale model includes Iron Cross or skull trim on air cleaner and belt drive covers, a detailed, chromed out Panhead motor, and optional traditional wire or custom Billetwheels, gas tanks and Chrome exhaust pipes gives it the right look.

Decals include two Kool Kustom versions with colorful graphics.

**READ THIS BEFORE YOU BEGIN**

- Study the assembly drawings.
- Each plastic part is identified by a number.
- In the assembly drawings, some parts will be marked by a star (⋆) to indicate chrome plated plastic.
- For better paint and decal adhesion, wash the plastic parts in a mild detergent solution, rinse and let air dry.
- Check the fit of each piece before cementing in place.
- Use only cement for polystyrene plastic.
- Scrape plating and paint from areas to be cemented.
- Allow paint to dry thoroughly before handling parts.
- Any unused parts may be discarded.

**DECAL APPLICATION INSTRUCTIONS**

1. Cut desired decal from sheet.
2. Dip decal in water for a few seconds.
3. Place wet decal on paper towel.
4. Wait until decal is movable on paper backing.
5. Place decal in position on model, face up and slide backing away.
6. Press out air bubbles with a soft damp cloth.
7. Mismatch that may appear is for better decal adhesion and will dry clear. Wipes away any excess adhesive.
8. Do not touch decal until fully dry.
9. Allow the decals 48 hours to dry before applying clear coat.

**DIRECTIVES D’APPLICATION DES AUTOCOLLANTS**

- Etudier les schémas de montage.
- Chaque pièce en plastique est identifiable par un numéro.
- Sur les schémas de montage, certaines pièces sont marquées d’une étoile (⋆) pour indiquer qu’elles sont en plastique chromé.
- Pour une meilleure prise de la peinture et des autocollants, laver les pièces en plastique avec une solution détergente peu concentrée, les rincer et les laisser sécher à l’air.
- Vérifier que chaque pièce s’ajuste bien avant de la coller en place.
- Utiliser de la colle pour polystyrene.
- Cogner les pièces à coller pour enlever le chrome et la peinture.
- Laisser la peinture bien sécher avant de manipuler les pièces.
- Toute pièce inutilisée peut être jetée.

**LIRE CE QUI SUIT AVANT DE COMMENCER**

**This paint guide is provided to complete this kit as shown on the box.**
